## REPORT OF THE BOARD OF PUBLIC TRUSTEES OF THE BOSTON ELEVATED RAILWAY

---

The Public Trustees of the Boston Elevated Railway respectfully submit their seventh annual report.

### RESULTS OF OPERATION

The calendar year 1925 has shown a balance of receipts above cost of service of \$502,193.85. Close supervision of expenditures has been necessary to reach this result. Basic wage rates of 72½ cents per hour for surface motor-men and coductors, established by the 1924 arbitration award, were continued unchanged by the arbitration board of 1925, which, however, increased the differential for one-man car and bus operators from 8 cents to 10 cents per hour above the basic rate.

In order to meet the situation created by the 1924 award the car repair shops were operated throughout the greater part of the year on a 5-day week, track reconstruction was reduced somewhat below the average amount necessary, car mileage operated was reduced 500,000, one-man car operation was considerably increased, and many lesser economies put in effect.

Reduction in cost of power and cost of accidents together with an increase of \$386,716.13 in operating revenues, materially assisted in reaching the favorable result shown.

The seventh full year of public operation closed on June 30, 1925, with a balance of receipts over cost of service of \$20,581.33, which amount was repaid to the cities and towns served by the railway.

A gratifying increase in riding and revenue during the latter part of 1925 and early 1926 has permitted the resumption of full time work in the shops and a substantial increase in the number of car trips and car miles operated.

## RECEIPTS AND EXPENDITURES

The following comparative tables present a summary of receipts and expenditures for the past five calendar years and the allocation of cost of service per revenue passenger for the year ending December 31, 1925:

*Comparative Division of Receipts and Expenditures for Year Ending Dec. 31.*

	1925	1924	1923	1922	1921
Total receipts . . . . .	\$34,547,379.61	\$34,175,319.61	\$34,096,813.26	\$32,699,176.37	\$33,277,025.53
Operating expenses:					
Wages . . . . .	\$16,931,549.57	\$17,358,670.49	\$16,224,275.94	\$14,772,340.42	\$15,563,255.53
Material and other items . . . . .	3,175,981.86	3,203,378.92	3,236,805.32	2,903,650.98	3,093,934.69
Injuries and damages . . . . .	666,488.49	740,025.39	822,775.24	555,355.59	518,249.02
Depreciation . . . . .	2,496,000.00	2,496,000.00	2,004,000.00	2,004,000.00	2,004,000.00
Fuel . . . . .	1,135,715.65	1,424,058.76	1,842,396.91	1,853,111.76	1,663,617.75
Total operating expenses	\$24,405,735.57	\$25,222,133.56	\$24,130,253.41	\$22,088,458.75	\$22,843,056.99
Taxes . . . . .	1,652,517.57	1,623,995.65	1,688,139.91	1,587,186.83	1,546,758.15
Rent of leased roads (including dividend rental under chapter 159, Acts of 1918) . . . . .	3,169,448.86	3,175,566.55	3,185,577.67	3,646,595.75	4,203,061.72
Subway and tunnel rents . . . . .	2,217,470.08	2,125,593.96	2,026,936.52	2,008,414.25	1,963,737.78
Interest on bonds and notes . . . . .	2,540,909.21	2,602,891.00	2,316,026.54	1,891,315.57	1,494,258.43
Miscellaneous items . . . . .	59,104.47	61,835.29	70,247.65	65,016.14	54,707.59
Total cost of service . . . . .	\$34,045,185.76	\$34,812,016.01	\$33,417,181.70	\$31,286,987.29	\$32,105,580.66
Loss for year . . . . .	.....	\$636,696.40	.....	.....	.....
Gain for year . . . . .	\$502,193.85	.....	\$679,631.56	\$1,412,189.08	\$1,171,444.87

Profit and Loss Items not included in above.

1924	890,901
1925	2,472,456

*Comparative Passenger Statistics—Revenue Passengers Carried.*

Year	Week Day Average	Saturday Average	Sunday Average	Holiday Average	Total for Year
1925 . . . . .	1,066,317	1,172,871	577,200	660,007	365,036,286*
1924 . . . . .	1,109,861	1,216,132	630,755	727,191	382,888,848*
1923 . . . . .	1,109,274	1,196,301	652,404	758,915	382,149,697*
1922 . . . . .	1,030,303	1,144,320	617,148	691,890	356,593,942*
1921 . . . . .	975,745	1,068,295	578,860	696,691	337,252,080
1920 . . . . .	960,737	1,072,319	591,063	703,634	335,526,561
1919 . . . . .	934,918	1,078,635	596,182	706,429	324,758,685
1918 . . . . .	985,384	1,147,809	658,902	775,634	348,664,700
1917 . . . . .	1,073,943	1,249,588	728,847	857,902	381,017,338
1916 . . . . .	1,050,038	1,218,749	718,804	832,962	373,577,908
1915 . . . . .	992,283	1,140,046	685,726	846,860	352,469,586

\*NOTE—During the years 1922, 1923 and 1924, one passenger making a single journey for which he might pay two five-cent fares was counted as two revenue passengers. The substitution in November, 1924, of six-cent tickets for five-cent cash fares has often resulted in the payment of a ten-cent fare by such a passenger with a consequent reduction in the company's figures of total revenue passengers carried, though the gross passenger revenue for the year 1925, which increased \$371,269.51, would indicate substantially the same number of passengers carried by the railway in 1925 and 1924.

## BUSES

This railway has been a pioneer in co-ordinating the motor bus with street railway service.

It was early decided that no attempt should be made to retard the development of this form of transportation but that the public would best be served by seeking to discover where such service would be desirable and then supplying the same in conjunction with rapid transit and surface electric lines. In large metropolitan centers better and more economical transportation can in general be supplied by electric cars, but upon lines where traffic is not sufficient to warrant the heavy investment in track and electric system or where streets are so narrow or congested by vehicular traffic that the electric car is continuously blocked and delayed in its passage, the motor bus fills an important place.

If competing bus lines were established within the area served by the railway system operated by this board in behalf of the Commonwealth the revenue of passengers so diverted would constitute a direct loss to the Commonwealth to which all receipts after payment of expenses accrue. In addition to that loss the service furnished to the public as a whole would be impaired. Consequently, this board has consistently taken the position that no competing bus line should be permitted within the territory served by this system and has adopted the policy of standing ready to furnish bus service within that general territory wherever it appeared in the public interest that bus service should be given. By this method better transportation is supplied since with street cars and buses under one management the service given by each can be co-ordinated and used to improve instead of to injure the service given by the other. Free transfer from car to bus and vice versa is possible under such a unified system.

This board has not opposed the establishment of through bus lines from distant points which would not compete with local transportation in the territory served by this system. With the increasing traffic congestion in the center of Boston the time may come when in the public interest such lines will end at rapid transit terminals instead of in the center of Boston. The various city councils and local authorities vested with the power to license auto buses have appreciated the soundness of these principles and in general have adopted and acted upon them.

The increase in bus transportation is shown by the following table of miles operated:

1922	. . . . .	63,937
1923	. . . . .	465,382
1924	. . . . .	890,901
1925	. . . . .	2,472,456

At the present time there are twenty-five routes in operation employing 157 machines. In connection with this business the chartering of special buses in place of special cars and supplementary to special car service is being developed. Last year the revenue from this special bus service amounted to \$15,130.07.

#### OPERATING CHANGES AND BETTERMENTS

During the year new garages accommodating 56 buses each have been constructed at the Arborway near Forest Hills, and Salem Street, Medford, and the first unit of the Lotus Place car repair house has been practically completed.

New lobby buildings in which are contained waiting and locker rooms for motormen and conductors, as well as rooms for making out their returns and reports, have been constructed at Arborway, Reservoir, Lake Street and Allston.

A prepayment station has been constructed at Egleston Square and an area provided at Kendall Square for interchange between Cambridge Subway trains and buses operating from this point.

The stairway between Park Street Under and Park Street northbound platform was widened by the Transit Department and the pits in which the trains run in six of the subway and tunnel stations have been concreted so as to permit ready cleaning and washing.

A new entrance has been provided at Sullivan Square giving greater convenience to passengers entering the station.

During the year actual construction of the Dorchester Tunnel Extension was begun by the Transit Department of the City of Boston. The first section of the work has been completed and substantial progress made upon the second section.

13.383 miles of track and special work have been rebuilt and 2.31 miles extensively repaired.

All-night service of cars in the Boylston Street Subway has been inaugurated and a system of stopping cars at particular berths established in subway stations.

Stopping places on certain lines have been relocated, thereby reducing the number of stops and speeding up the service, with resultant economies.

In an attempt to encourage parking of automobiles outside of the congested centers and inducing such riders to make their journey into the city by rapid transit, an experiment was made of leasing land located near the Everett Terminal for this purpose.

Direct connection of a large garage adjacent thereto with the Kendall Square station of the Cambridge Subway awaits action by the Legislature authorizing the Department of Public Utilities to act for the Commonwealth in giving necessary permission.

## PASSENGER CARS AND BUSES OWNED

*Surface Cars*

	1925	1924	1918
Semi-convertible cars . . . . .	440	443	453
Semi-convertible cars—one or two-man type . . .	419*	344	
Center entrance cars . . . . .	396	396	100
Trailer cars . . . . .	220	220	174
One-man cars (Birney type) . . . . .	36	36	1
Articulated cars (40' and 50' type) . . . . .		30	177
Box cars . . . . .	138	183	1,113
Open cars . . . . .	....	....	1,354
Total surface passenger cars . . . . .	1,649	1,652	3,372

*Rapid Transit Lines*

Elevated cars, wood and steel . . . . .	98	98	169
Elevated cars, steel . . . . .	227	227	162
Cambridge Subway cars, steel . . . . .	95	95	60
East Boston Tunnel cars, steel . . . . .	48	48	....
Total rapid transit passenger cars . . . . .	468	468	391
Total surface and rapid transit cars . . . . .	2,117	2,120	3,763

*Passenger Motor Buses*

25 Passenger buses . . . . .	66	33	....
29 Passenger buses . . . . .	3	2	....
Total buses . . . . .	69†	35‡	....
Total passenger cars and buses owned . . .	2,186	2,155	3,763

\*42 additional cars of this type are on order.

†In addition, the Boston Elevated Railway were, on December 31, 1925, operating 80 leased buses.

‡In addition, the Boston Elevated Railway were, on December 31, 1924, operating 30 leased buses.

## CARS

Ninety new No. 5 type cars of an order of 100 placed in July, 1925, have been received and placed in service.

It is interesting to note that of the 82,450 cars in the United States 34% are over twenty years of age, while on the Boston Elevated only 12.7% of the passenger cars now in service are over twenty years old.

Sixty cars of the Cambridge Subway type have been ordered to provide for operating the Dorchester Rapid Transit extension when completed.

## ACCIDENT RECORD

An improvement has been made during this year in the accident record. Operating charges on this account were reduced from \$914,043.17 in 1924 to \$846,235.82.

*Accidents Per Million Car Miles*

	1925	1924
One-man Cars	204	205
Two-man Cars	245	249

## POWER

The power plant equipment recently installed as well as minor improvements made during the year have resulted in a record of efficient operation during the last twelve months.

The average pounds of coal consumed per kw. hr. D. C. at the cars was 1,973 in 1925 as compared with 2,068 last year. This is the lowest of any year in the history of the railway. The average cost of coal per ton during 1925 was \$5.22, as compared with \$5.921 last year, and is also the lowest since 1917. There was a reduction of 23,078 tons of coal burned as compared with 1924.

A number of important minor improvements have been made during the year such as the provision of a 100,000 gallon storage water tank at South Boston as emergency reservoir, new boiler feed pumps, air compressor equipment, additional rotary at Kendall Sq. and installation of automatic equipment at Oak Sq. sub-station.

	1925	1924	1923	1922	1921	1920	1919
Tons of coal burned	217,414	240,493	260,032	273,441	215,870	258,087	287,070
Pounds of coal per kilowatt hour	1.973	2.068	2.264	2.553	2.174	2.353	2.835
Average price of coal per ton	\$5.22	\$5.921	\$7.085	\$6.777	\$7.71	\$10.07	\$5.91
Net cost of power for car service per kilowatt hour (cents)	1.021	1.093	1.227	1.414	1.172	1.921	1.307
Net cost of power per total revenue car mile (cents)	4.428	4.833	5.468	6.153	4.815	8.538	5.439
Direct current annual output (kilowatts)	246,835,300	260,401,225	257,270,357	239,905,874	222,461,060	245,676,503	239,892,118
Direct current maximum hour output (kilowatts)	85,660	86,245	82,965	78,755	75,905	72,295	71,760

### THE IMMEDIATE FUTURE

For several years this Board in its annual reports and before committees of the General Court has called attention to existing limitations upon the raising of new capital for desirable improvements of the Railway. That matter has been recently considered by a special recess commission whose report is now before your two branches. Nothing new or additional can be written at this time. Pending some action on that report by you this Board feels it must be necessarily restricted to operating the Railway at the highest efficiency possible with existing facilities and property purchased from time to time from the allowance to offset the annual exhaustion of depreciable property.

# BOSTON ELEVATED RAILWAY, GENERAL ORGANIZATION

1 Federal Street, Boston 9, January 30, 1926.

MR. SAMUEL L. POWERS, *Chairman*,  
MR. WINTHROP COFFIN,  
MR. ANDREW MARSHALL,  
MR. STANLEY R. MILLER,  
MR. J. FRANK O'HARE,

*Trustees*

Boston Elevated Railway,  
Boston, Massachusetts.

Sirs:

We have examined the accounts of the Boston Elevated Railway for the year ending December 31, 1925, and we report upon the railway's financial statements for the year, presented herewith, as follows:

Road and equipment are shown at book values. In our opinion, adequate provision for depreciation has been made for the year under review, in pursuance of the plan for depreciation reserves followed by the Public Trustees from July 1, 1918.

The securities owned by the railway were produced for our inspection and are carried at cost values, which, in the aggregate, are less than the total market values. We have verified the current assets as shown by the books, and have satisfied ourselves that the liabilities are correctly stated.

WE HEREBY CERTIFY that, subject to the foregoing comments, the accompanying balance sheet is in accordance with the books and correctly states the financial condition of the Boston Elevated Railway at December 31, 1925, and that the operating results for the year 1925 are fairly presented in the accompanying income statement.

Respectfully submitted,

PATTERSON, TEELE & DENNIS,  
Accountants and Auditors.

\*Increase for 9 mos.

†Increase for 6 mos.

5c. fare previous to Aug. 1, 1918

7c. fare Aug. 1, 1918.

8c. fare Dec. 1, 1918.

Pupils' tickets (5c.) Jan. 1, 1919.

10c. fare July 10, 1919.

First 5c fare line (without transfer) Aug. 23, 1919.

First 6c local fare line March 26, 1921.

5c. rate for children under 14 yrs. (not including children under 5 yrs.).

June 14, 1922—Discontinued Nov. 5, 1924.

6c. local fare Nov. 5, 1924.

*Note*—Previous to 1908 Special Car Passengers included with 5c fares.

§During the years 1922, 1923 and 1924, one passenger making a single journey for which he might pay two five-cent fares was counted as two revenue passengers. The substitution in November, 1924, of six-cent tickets for five-cent cash fares has often resulted in the payment of a ten-cent fare by such a passenger with a consequent reduction in the company's figures of total revenue passengers carried, though the gross passenger revenue for the year 1925 which increased \$371,269.51 would indicate substantially the same number of passengers carried by the railway in 1925 and 1924.

Bold face denotes decreases.
